

## Leaf Sensor

Type Designation	<b>LSE</b>
Measuring Range	<b>-50 to 350 ° C</b>
Common Sensor Types	<b>K,J,N,T,E</b>
Common Size	<b>Leaf 25 x 15 x 0.15mm, 1M Cable</b>
Leaf Materials	<b>Stainless Steel, Brass, Copper</b>
Common Cable	<b>PTFE, Glass</b>
Application Notes	<ul style="list-style-type: none"> <li>■ <b>Grounded Junction</b></li> <li>■ <b>Inexpensive sensor</b></li> <li>■ <b>Surface temperature measurement</b></li> <li>■ <b>To put in between heater bands or other media</b></li> <li>■ <b>Low thermal mass</b></li> <li>■ <b>Suitable for equipment assemblies</b></li> </ul>
Special Options	<ul style="list-style-type: none"> <li>■ <b>Mini Plug or Socket on cable</b></li> <li>■ <b>Other leaf sizes</b></li> </ul>
